5.8cm@1@X Date:

## Content

# **1. Introduction**

## **1.1 Problem Background**

## **1.2 Restatement of the problem**

# **2. Symbol and Assumptions**

## **2.1 Symbol Description**

## **2.2 Assumptions**

# **3. Solution of Question1**

## **3.1 Data Preprocessing and Visualization**

## **3.2 Multiple Linear Regression Model**

## **3.3 Correlation Analysis and Causal Analysis**

# **4. Solution of Question2**

## **Data Preprocessing and Visualization**

# **5. Solution of Question3**

## **5.1 Data Visualization**

## **5.2 Analysis of variance**

# **6. Solution of Question4**

## **6.1 Catalytic reaction mechanism**

## **6.2 Model fitting and establishment**
